Covering the entire Internet of Things ecosystem

The **World's Largest IoT Event Series** will bring together key industries from across the globe for 2 days of top level content and discussion. Exploring the latest innovations within the Internet of Things and covering the impact it has on many industries including **Manufacturing, Transport, Supply Chain, Insurance, Logistics, Government, Energy** and **Automotive**, this conference is not to be missed.

Key topics examined include: smart building & facilities management, building the connected supply chain, intelligent city and transport management, smart grid data management and analytics, asset monitoring and management, delivering smart connected new products, and more.

3 co-located events. 18 conference tracks. 16,000 attendees. 500+ speakers. 300+ exhibitors.

Returning to the Santa Clara Convention Center in the heart of Silicon Valley on November 28-29, the third annual North America event will host 2 co-located events covering Blockchain and AI, with 14,000 attendees expected to attend including **CTO's, Heads of Innovation and Technology, IT Directors, Developers & Start-Up's, OEM's, Government, Automotive, Operators, Technology Providers, Investors, VCs** and **many more**. The IoT Tech Expo will showcase the most cutting edge technologies from more than **300 exhibitors** and provide insight

from over **300 speakers** sharing their unparalleled industry knowledge and real-life experiences.

The 2018 agenda will highlight the most innovative advancements in technologies which are affecting IoT. There will be case studies and dedicated tracks covering the entire Internet of Things ecosystem including **Smart Energy & Cities, Developing for the IoT, Connected Industry, Connected Enterprise, Data Analytics for AI & IoT, Connected Transportation, Privacy & Security** and **IoT Innovations & Technologies**.
