The Directions North America conference is the Microsoft Dynamics event driven by Partners – for Partners. Designed to help organizations serving the SMB market, attendees can build new business contacts, learn about best practices, and discover valuable tools for execution and success.

Attendees can also use the many networking opportunities at the conference to grow and enhance relationships with other partners, ISVs, service providers, and Microsoft.

Who should attend?

All Dynamics Partners serving the SMB market, eager to learn how to include Microsoft Dynamics 365 Business Central into their business model.

Existing NAV partners looking for a deep-dive into all things NAV

ISV companies and Service Providers dedicated to enhancing the Dynamics SMB market

Any other Microsoft partners interested in learning about Dynamics 365 Business Central
